EDUCATION

Dr. A.P.J Abdul Kalam University
BTech in Computer Science

Ghaziabad, UP
Aug. 2023 – May 2027

EXPERIENCE

Software Programmer Trainee

October 2024 - March 2025

National Council for Vocational Education and Training (NCVET), govt. of India

- Trained in software development and data handling under NCVET-certified program
- Built a solid foundation in data-driven decision-making and quality assurance practices.
- Worked on developing and testing applications using Java, Python, and SQL with emphasis on real-world project implementation
- Documented annotation processes and prepared reports for supervisors and project leads.

AI Azure Intern

May 2025 - June 2025

Microsoft – Edunet Foundation (AICTE Initiative) — Remote

- Completed a 4-week internship on AI and Cloud with Microsoft Azure
- Gained hands-on experience in cloud computing, AI model deployment, and Azure services.
- Worked on projects involving data preprocessing, model training, and cloud deployment.
- Applied Python and AI frameworks to develop and test machine learning solutions on Azure.

PROJECTS

VocAI | *Python (Flask), JavaScript, HTML/CSS, API*

- Built a web app to convert text into speech and speech into text using external APIs.
- Integrated Flask backend with JavaScript frontend for smooth user interaction.
- Enhanced accessibility by providing real-time voice/text communication features.

Email Organizer with Auto-Apply Feature | *Python, AI, Automation, NLP*

- Developed an intelligent tool to filter job and internship-related emails using AI/NLP.
- Implemented automation to auto-fill application forms and upload CVs directly
- Improved efficiency in job search by reducing manual efforts and streamlining workflows.

Weather Forecasting Web App with Telegram Bot | *Python, JSON / REST APIs, Telegram Bot*

- Designed a real-time weather forecasting web app using open weather APIs.
- Integrated with Telegram bot to deliver instant weather updates to users.
- Enabled multi-platform access with a responsive web UI and chatbot support.

TECHNICAL SKILLS

Frontend: HTML, CSS, JavaScript, React

Backend: Python (Flask), JavaI

Frameworks and Libraries: Flask, React

Cloud and DevOps: AWS, Microsoft Azure

Developer Tools: Git, GitHub, Visual Studio Code, PyCharm, Jupyter Notebook

Databases and APIs: SQL, REST APIs, JSON

Other Skills: Data Annotation, Automation (Selenium), NLP basics, Problem Solving

CERTIFICATIONS

- AWS Academy Graduate – Cloud Foundations – Amazon Web Services Training and Certification (Apr 2025)
- MongoDB Basics for Students – MongoDB (Aug 2025)
- Junior Cybersecurity Analyst Career Path – Cisco (Dec 2024)
- Oracle Certified Foundations Associate (Oracle Fusion Cloud Applications HCM) – Oracle
- Generative AI Literacy – IT-ITeS Sector Skill Council (NASSCOM) with Industry and Govt
